

Best Places for Hot Air Ballooning

Excerpted from an article by Paul Rubio
August 24, 2016

Hot air balloons in Kenya's Maasai Mara National Reserve have served as the ultra-romantic backdrop of nearly every East Africa safari brochure since the early years of luxury tourism (we're looking at you, **Micato Safaris**). Similar to the Serengeti, here, wildlife spotting is achievable year-round; but the vistas here are most spectacular when the wildebeest have migrated across the Mara River into the Maasai Mara, usually between July and October.
